ST. GEORGE VODKAS

Founded in 1982, ST. GEORGE SPIRITS is an American original. For more than three decades, we’ve used Old World techniques to craft spirits that are bold, clear interpretations of the raw materials that most inspire us.

To make these three vodkas, we distill fresh produce and fruit on our copper stills using the same artisanal methods we rely on to make our flagship brandies and fruit liqueurs. Combining these distillates with a non-GMO base spirit results in three unique spirits that stand proudly among the rest of the St. George portfolio.

ST. GEORGE ALL PURPOSE VODKA

WHAT’S IN IT  Bartlett pears (yes, pears!). Why? We’ve been distilling Bartlett pears for more than three decades, ever since St. George Spirits was founded as a dedicated eau de vie distillery back in 1982. Using the same flavorful and aromatic pears here as in our flagship pear brandy makes perfect sense—delivering a spirit with substantial mouthfeel and subtle floral notes, and creating a vodka that is uniquely St. George.

HOW IT’S MADE  We distill our flagship pear brandy up to 95.1% ABV, blend the resulting distillate with non-GMO grain neutral spirit, then filter to remove visible impurities before bottling.

TASTING NOTES  Soft and approachable, with a rich, round mouthfeel. There’s no overt pear flavor, but the inclusion of pear distillate in this vodka adds gently floral top notes and the impression of subtle sweetness on the finish.

ST. GEORGE GREEN CHILE VODKA

WHAT’S IN IT  California-grown hot and sweet peppers (jalapenos, Serranos, habaneros, red and yellow bell peppers), lime peel, fresh cilantro

HOW IT’S MADE  We fill our 1,500-liter still with crushed jalapeno peppers, lime peels, and non-GMO grain neutral spirit and distill this through a Carter head assembly that has been layered with fresh cilantro. We infuse the other four types of peppers (Serrano, habanero, red and yellow sweet bell peppers) separately, and then blend each infusion with the jalapeno/lime/cilantro distillate. We then filter to remove visible impurities before bottling — the light green tint that remains is the result of the pepper infusion we perform just prior to filtration.

TASTING NOTES  The chile flavor is fresh, sweet, and bright—with just enough capsicum punch to make sure that you know we crushed tens of thousands of pounds of green jalapenos to make it.

ST. GEORGE CALIFORNIA CITRUS VODKA

WHAT’S IN IT  California-grown Valencia oranges, Seville oranges, and bergamot

HOW IT’S MADE  We infuse the three types of citrus peels (Valencia orange, Seville orange, bergamot) separately into non-GMO grain neutral spirit and then distill each of those infusions separately. We blend all three distillates together, then filter the resulting vodka to remove visible impurities before bottling.

TASTING NOTES  Astonishingly clear citrus flavor, genuinely tasting of both sour and sweet orange. Redolent of the whole citrus plant, with focus on the bright peel characteristics. Tart almost lemony scent in the nose.

ABOUT ST. GEORGE SPIRITS

California’s St. George Spirits was founded in 1982. Over more than three decades, the distillery has grown into a diversified operation with a portfolio that includes single malt whiskey, bourbon, agricole rum, absinthe, and several gins, vodkas, brandies, and liqueurs. Called “a leading light in the American artisanal spirits movement” (Whisky Advocate), St. George has also been inducted into the Spirit Journal Hall of Fame, honored with the 2015 Craft Whiskey Producer of the Year award by Whisky Magazine, and named “best craft distillery in America” by Thrillist. Its spirits are available widely across the US and internationally. The distillery is open to the public for tours and tastings and hosts ~25,000 visitors each year.
